

2. Client will ensure that the Insight Networking project staff is given access to all necessary facilities and workspace, and is provided all furniture, supplies and equipment (telephones, faxes, LAN connectivity, printer access, dial-out modem lines, passwords, keys, etc.) required to successfully perform, troubleshoot, and complete the Services for the duration of the Services. Client also will ensure that the work environment is free of hazardous materials and free from asbestos, and that all Insight Networking personnel are provided with all necessary safety equipment and training while on Client's or its client's site. In addition, Client is responsible for providing adequate and secure onsite storage for all deliveries.
3. Client is responsible for: (a) Back-up and/or data migration of existing data unless otherwise agreed to by Insight Networking; (b) Computer system and network designs; and (c) Component selection as it relates to the performance of the computer system and/or the network.
4. All Services will be performed over a consecutive timeframe unless otherwise provided herein or agreed to by Insight Networking in writing. Insight Networking will schedule resources upon receipt and acceptance of a fully executed Statement of Work and a Purchase Order (to the extent required) from Client. Insight Networking will use commercially reasonable efforts to take into account Client's schedule, but in all events the performance of the Services is subject to the availability of Insight Networking personnel and resources, as determined by Insight Networking.
5. Any onsite skills transfer that takes place during this project will not replace the manufacturer's formal system implementation and administration classes.
6. No formal user training is included in this Statement of Work.
7. Client will communicate any issues or concerns with respect to the Services or Deliverables in a timely manner.
8. Work estimates assume the Services will be completed within the duration stated in the Timeframes section below. Insight Networking is not responsible for delays or repeated tasks caused by factors outside Insight Networking's control. These factors include availability of Client personnel, equipment and telecommunication provider services. Client will compensate Insight Networking for any out-of-scope work requested by Client on an hourly basis at Insight Networking's standard hourly rates (unless otherwise agreed to in writing by the parties).
9. This SOW is subject to credit approval by Insight Networking.
10. This offer of Services will be good for 30 days from the date on the cover of this SOW.
11. Any changes to the scope and/or assumptions will require joint written approval. This may extend the duration of the engagement and/or require additional resources, resulting in additional cost to Client.

Timeframes

Insight Networking estimates that the Services described herein will be completed within [#] weeks after the start of the project.

Fees

Professional Service Fees

Services will be provided for the fixed fee listed below.

	Fixed Professional Service Fee
[project name]	\$[#]

Hardware/Software Costs

The cost for hardware/software is provided in the table below, and is detailed in the attached Sales Quote. The purchase of the hardware/software is subject to the terms and conditions set forth in the Sales Quote, which are incorporated herein by this reference.

Description	Hardware/Software Cost
Hardware	\$[#]
Software	\$[#]
Total Hardware/Software Cost	\$[#]

Materials Costs

The cost for materials is provided in the table below.

Description	Materials Cost
Materials	\$[#]

Total Cost

The total cost for this project is \$[#], plus expenses.

Description	Total Cost
Professional Service Fees	\$[#]
Hardware/Software Costs	\$[#]
Materials Costs	\$[#]
Total Cost	\$[#]

Pricing Assumptions

1. Professional Service Fees do not include hardware/software costs or additional expenses, if any are required.
2. Shipping and taxes, if applicable, are not included.
3. All prices are in U.S. dollars.
4. The work to be performed will be completed during normally scheduled working hours (8:00 A.M. to 5:00 P.M. local time Monday through Friday), excluding Insight Networking observed holidays.

Additional Expenses

Client will reimburse Insight Networking for reasonable expenses incurred in connection with our performance of the Services, if any, including travel expenses (lodging, meals, parking fees, copying charges, delivery charges, postage, telephone/cell phone charges and other related expenses).

Invoicing and Payment

Following acceptance by Client as provided in Exhibit A attached hereto, Insight Networking will separately invoice the SLD Invoice Group and Client monthly on a percent-complete basis for the Services performed and Developed Works provided in accordance with the applicable approved and committed E-Rate Funding Commitment Decision Letter(s). Invoices shall be paid within 30 days from invoice date. Client is responsible for payment to Insight Networking for all services and goods provided to Client under the Agreement, notwithstanding the eligibility of any such services or products for Universal Service Fund discounts or anything else in the Agreement to the contrary. In the event Client fails to receive funding for eligible Universal Service Fund items, Client agrees to be solely responsible for payment of all applicable fees and expenses to Insight Networking for all services and goods provided to Client under the Agreement.

Change Management

In the event any of the assumptions or requirements set forth in this Statement of Work are unperformed by Client or are incorrect, or if Client requests Insight Networking to provide additional services outside the scope of Services, Insight Networking will have no obligation to perform the affected Services or any additional services unless the parties agreed, in writing, to the increased fees and/or the additional scope, as applicable, in the form of a separate Statement of Work to the Contract.

Invoicing Procedures

Insight Networking will send SLD Invoice Groups' invoices using one of the following methods:

Manually

SLD-Form 474
P.O. Box 7026
Lawrence, KS 66044-7026

Electronically

Email: serviceprovider@sl.universalservice.org

Online

Website: www.sl.universalservice.org

A Purchase Order ☐ Is ☐ Is Not required by SLD Invoice Groups for payment of invoices.

Purchase Order Number: _____

Insight Networking will send McAllen Library's invoices to:

McAllen Memorial Library

Address: _____

Attention: Accounts Payable

Accounts Payable Contact: _____

Phone: _____

Select one of the following below:

- ☐ Client issues system-generated Purchase Orders for service engagements.
Please fill in the PO Number below and attach a hard copy of the Purchase Order to this signed Statement of Work.
Note: Services cannot be performed until a hard copy of the Purchase Order is received.

P.O. Number _____

- ☐ Client does NOT issue system-generated Purchase Orders for service engagements. Accordingly, performance of and payment for any services under this Statement of Work do not require, and are not contingent upon, the issuance of any Purchase Order or other similar document.
If Client requires Insight Networking to include an internal reference number on invoices, please fill in the reference information below.

Internal Billing Reference Number/Name: _____

IN WITNESS WHEREOF, Client and Insight Networking have executed this Statement of Work effective as of the Effective Date. Client, by signing below, expressly acknowledges and affirms that Client has carefully read and agrees to this entire Statement of Work, and that this Statement of Work is a binding agreement between Insight Networking and Client. Client and the individual signing this Statement of Work on behalf of Client represent that he/she is expressly invested with the requisite authority to execute this Statement of Work on behalf of Client and bind Client in this matter.

3. Appendices

- Scope of Work
- Quote
- Work Approval Form
- Sample Insurance Certificates
- References
- Cisco Gold Partner Certification
- McAllen Office Certification Summary

Appendix A: Scope of Work

Insight Networking is pleased to provide the following Network Implementation Scope of Work for McAllen Memorial Library's review and consideration.

Objectives

Insight Networking will meet the following Services objectives:

- Implement new LAN/WAN infrastructure for the McAllen Memorial Library

Scope and Approach

Insight Networking will perform the following Services:

Project Management

- Conduct a kick-off meeting to introduce the team and confirm the objectives, timeline and approach
- Discuss the communication plan to ensure succinct and orderly communication between the involved parties
- Perform overall project management and resource planning to meet agreed upon timeframes and expectations using a detailed project plan
- Agree upon change control processes to minimize impact of the changes
- Deliver weekly status reports (if required)
- Conduct project wrap-up meeting to review results, lessons learned and future opportunities for recommendation

Implement

- Install and configure equipment, including:
 - 1 – Cisco Catalyst 4506E Switch (MDF)
 - 16 – Cisco Catalyst 3750G Switches
 - 10 – Cisco 1142N LWAPPs
 - 1 – Cisco WLC4402 Wireless LAN Controller
 - 4 – Cisco 1522 MESH APs
 - 3 – Cisco Voice Gateways
 - 1 – Cisco ASA5520 Firewall
 - Install 3 Netshelter 42u Cabinets
 - Install 3 Seven Foot Equipment Racks
 - Install 1 Four Post Equipment Rack
- Install new infrastructure, in parallel with existing infrastructure
- Execute implementation/cutover plan
- Execute implementation test plan and document results
- Finalize operational turnover documentation

E-Rate Ineligible

- Update existing Wireless Control Server (100 APs with Plus License)

Deliverables

Insight Networking will provide the following deliverables:

Project Management

- Status reports
- Project workplan

Network Infrastructure

- Operational turnover documentation
 - Logical and physical network diagrams
 - Implementation, migration and test plans

Insight Networking Responsibilities

Insight Networking is responsible for the following:

- Insight Networking will provide the applicable and necessary labor, consultation, materials, project management and/or tools to perform the Services and provide the Deliverables described herein.

Client Responsibilities

McAllen Memorial Library is responsible for the following:

- McAllen Memorial Library will provide network management information, where applicable (Syslog, NTP, SNMP, DNS, DHCP Scopes, etc.).
- McAllen Memorial Library will coordinate and facilitate communications with supporting carriers and Internet service providers (ISPs).
- McAllen Memorial Library will provide their Cisco Customer ID and regional SE contact(s) to support advanced troubleshooting as deemed appropriate with the network infrastructure components.
- McAllen Memorial Library will conduct cabling plant (UTP and Fiber) management, administration and troubleshooting.
- McAllen Memorial Library will provide primary support and administration of the network security infrastructure (firewalls, IDS, SPAN Ports, etc.).
- McAllen Memorial Library will provide copies of technical manuals, as needed.
- McAllen Memorial Library will be responsible for any server, workstation, application and printer IP address changes.
- McAllen Memorial Library will be responsible for testing all required applications across the new network infrastructure. Insight Networking will modify the network infrastructure based on the results of the application tests.
- McAllen Memorial Library will be responsible for the migration of users and servers from the existing network to the new network. Insight Networking will support the migration to ensure proper network functionality.
- McAllen Memorial Library will facilitate and coordinate user acceptance activities (UAT) during the production validation of the migration phase.

- McAllen Memorial Library will be responsible for providing adequate power, ventilation, cabling and rack space for the new equipment within the required project timelines. This equipment will run in parallel with the existing network infrastructure.
- McAllen Memorial Library will provide adequate staging facilities to store, burn-in, stage and configure the new infrastructure.
- McAllen Memorial Library will provide a single point of contact for all approvals, communications, change control, change orders and other activities with McAllen Memorial Library user/IT communities.
- McAllen Memorial Library will assist with the primary coordination and scheduling of internal department/vendor meetings with McAllen Memorial Library support and management personnel.
- McAllen Memorial Library will provide site contacts for each McAllen Memorial Library location. Each such contact will provide Insight Networking with sufficient detail regarding his/her site, and will coordinate or perform required onsite work, as reasonably requested by Insight Networking and McAllen Memorial Library IT, for the duration of the project.
- McAllen Memorial Library will acquire and/or install all software, hardware, network wiring, permits, licenses and rights of way necessary for the completion of this project in a timeframe that allows Insight Networking to complete or meet the project-specific milestones.
- McAllen Memorial Library and its employees, contractors, and agents will: (a) cooperate with any reasonable request of Insight Networking, (b) provide input throughout the project and will review progress at review meetings requested by Insight Networking; and (c) provide Insight Networking with access to all of McAllen Memorial Library's information, documentation and technology, necessary for Insight Networking to perform the Services, including a list of all McAllen Memorial Library and third-party contacts necessary for Insight Networking to do so. Such cooperation, input, access, and license are critical to this project, and McAllen Memorial Library's representation at all review meetings is essential. Insight Networking is hereby granted and shall have a nonexclusive, royalty-free license, during the term of the Services, to access and use the McAllen Memorial Library Technology solely for the purposes of delivering the Services to McAllen Memorial Library.
- McAllen Memorial Library will ensure that the Insight Networking project staff is given access to all necessary facilities and workspace, and is provided all furniture, supplies and equipment (telephones, faxes, LAN connectivity, printer access, dial-out modem lines, passwords, keys, etc.) required to successfully perform, troubleshoot, and complete the Services for the duration of the Services. In addition, McAllen Memorial Library will ensure that the work environment is free of hazardous materials and free from asbestos, and that all Insight Networking personnel are provided with all necessary safety equipment and training while on McAllen Memorial Library's or its customer's site.
- McAllen Memorial Library will be responsible for providing adequate and secure onsite storage for all deliveries.
- McAllen Memorial Library will be responsible for: (a) Back-up and/or data migration of existing data unless otherwise agreed to by Insight Networking; (b) Computer system and network designs; and (c) Component selection as it relates to the performance of the computer system and/or the network.
- McAllen Memorial Library will communicate any issues or concerns with respect to the Services or Deliverables in a timely manner.

Project-Specific Assumptions

The following project-specific assumptions apply for this Services engagement:

- Project estimates assume that McAllen Memorial Library will provide the Insight Networking team with the information needed to complete the review and planning phase at the start of the project (e.g., current network and inventory documentation).
- Project estimates assume the network is stable and no immediate triage/remediation efforts are required prior to the integration of the new network infrastructure.
- Project estimates assume that McAllen Memorial Library's personnel can answer questions related to network facilities including rack space, power, cable plant and air conditioning.
- Project estimates assume Insight Networking will be able to conduct network discovery scans on subnets affected by migration.
- McAllen Memorial Library and Insight Networking will develop an agreed upon deployment timeline. Any interruptions to this timeline may result in a change order to the Insight Networking Implementation Services quote.
- Insight Networking is not responsible for delays or repeated tasks caused by factors outside Insight Networking's control. These factors include, but are not limited to, availability of McAllen Memorial Library personnel, equipment, and telecommunication provider services. McAllen Memorial Library will compensate Insight Networking for any out-of-scope work requested by McAllen Memorial Library on an hourly basis at Insight Networking's standard hourly rates (unless otherwise agreed to in writing by the parties).
- All Services will be performed over a consecutive timeframe unless otherwise provided herein or agreed to by Insight Networking in writing. Insight Networking will schedule resources upon receipt and acceptance of a fully executed SOW/Services Agreement and a Purchase Order (to the extent required) from McAllen Memorial Library. Insight Networking will use commercially reasonable efforts to take into account McAllen Memorial Library's schedule, but in all events the performance of the Services is subject to the availability of Insight Networking personnel and resources, as determined by Insight Networking.
- Any onsite skills transfer that takes place during this project will not replace the manufacturer's formal system implementation and administration classes.
- Insight Networking has no obligation to, and will not, install, mount, affix, screw, or otherwise fasten any cable, hardware, or other product to any building or structure (inside or outside), and Insight Networking has no obligation to, and will not, run cable above, under, behind, or through any ceiling, floor, or wall of any building or structure. To the extent that any such services are required, such services will be performed by another person or entity engaged directly by McAllen Memorial Library.
- The following are considered out-of-scope and are not part of the Services:
 - Formal user training
- These Services are subject to credit approval by Insight Networking.
- This offer of Services will be good for 30 days.
- Any changes to the scope and/or assumptions will require joint written approval. This may extend the duration of the engagement and/or require additional resources, resulting in additional cost to McAllen Memorial Library.

Timeframes

Insight Networking estimates that the Services described herein will be completed within 4 weeks after the start of the project.

Fees

Professional Service Fees

Services will be provided for the fixed fee listed below.

	Fixed Professional Service Fee
E-Rate Eligible	Please see the attached pricing sheet.
E-Rate Ineligible	Please see the attached pricing sheet.
Total	Please see the attached pricing sheet.

Pricing Assumptions

- Professional Service Fees do not include any necessary hardware/software costs, and expenses are not reimbursable.
- Shipping and taxes, if applicable, are not included.
- All prices are in U.S. dollars.
- The work to be performed will be completed during normally scheduled working hours (8:00 A.M. to 5:00 P.M. local time Monday through Friday), excluding Insight Networking observed holidays.

Appendix B: Quote

Insight Networking has provided the following quote for network equipment (Cisco) and installation.
